Product information

- The bike seat cover is a disposable product that can be used on & off for a total of 25 hours
- Latex free
- 3-year shelf life (proven efficacy)
- Non-washable
- Safe for sensitive skin

Keep your seat free of bacteria and viruses

Use on your bike seat at the gym, use on public bikes, use on rental bikes

The bike seat is treated with the TrioMed Active Technology to protect the product.
The bike seat helps protect against certain contaminants but does not eliminate exposure to or risk of contracting diseases or infection.
