ACTIVE TECHNOLOGY

Product information

- The slipper is a disposable product that can be used on & off for a total of 25 hours
- Latex free
- 3-year shelf life (proven efficacy)
- Non-washable
- Safe for sensitive skin

Keep your feet clean from bacteria and viruses

Wear anywhere you have to take your shoes off.

Wear at the hotel, on the plane, at the spa, when travelling.

The slipper is treated with the TrioMed Active Technology to protect the product. The slipper helps protect against certain contaminants but does not eliminate exposure to or risk of contracting diseases or infection.

TrioMed Active Technology is based on naturally occurring tri-iodide.
